Sounds good – do you have a bridge you'd like us to dial in to?

Thanks - what's the best number to reach you guys at? We will call in 15 minutes if that's ok - I need a few minutes to find David.

Hi Kassidy

This is obviously disappointing to hear but we understand the severity of the issue and also the timing. Given the timing is so tight we'd like to initiate a call at your convenience as fast as possible.

David will make himself available for this call as well.

Please let us know what time works.

Thanks,

Kevin
